1

Start with Core Cover

All plans start with Core Cover, which has a variety of benefits. All benefits are per insured member, per plan year, unless stated otherwise. You must be treated at a hospital eligible under your plan.

Everyday care

We recognise the importance of providing quick and convenient access to some of the most common healthcare treatments. This is why, as part of their Core Cover, you have access to virtual GP consultations, up to 8 sessions of Talking Therapies, and up to 6 physiotherapy sessions each plan year.

Vitality GP

Using our Vitality GP app you'll be able to have a virtual GP consultation within 48 hours. If needed, the Vitality GP can refer you for the most appropriate onward treatment meaning you often won't have to make an additional call or online claim.

Face-to-Face GP - When a virtual consultation with a GP isn't appropriate, Face-to-Face GP enables you to have access to a minimum of two consultations from Vitality's network of Private GPs in Greater London for only £20 per consultation.

Additional Services - Through the Vitality GP app, you can refer yourself for physiotherapy or Talking Therapies, while the Vitality GPs can provide you with wellness advice and a skin analytics service.

The Vitality GP app is compatible with Apple iOS 12.0 and above or Android 6.0 and above. It's not compatible with Blackberry, Amazon or Windows Phone devices.

Physiotherapy

Our Priority Physio network gives you access to over 5,000 accredited physiotherapists at over 1,700 locations.

As part of Core Cover, you can access up to six physiotherapy sessions within our Priority Physio network.

Mental health support

Our approach to Mental Health seeks to provide support, regardless of your state of health - whether this be the opportunity to engage in positive, preventative health behaviours, or quick access to counselling and Cognitive Behavioural Therapy.

Headspace - As part of Core Cover, you can access a discount on leading mindfulness app, Headspace. You can earn Vitality points and rewards for engaging in mindfulness activities.

Talking Therapies - Up to 8 sessions of Cognitive Behavioural Therapy or counselling per year through our Talking Therapies network. Vitality is the only leading insurer that doesn't exclude any conditions or apply underwriting to Talking Therapies, ensuring that all members have access to this crucial support.

Togetherall - full access to the online service that provides an anonymous forum for people experiencing mental health issues to reach out and receive support from peers and qualified 'Wall Guides'.

You can also add our Mental Health Cover option, to give you unlimited access to Talking Therapies, up to £1,500 Out-patient Cover and up to 28 days of in-patient cover per episode, plus 28 days of day-patient treatment. You will also be covered for multiple episodes of care during the year, should you need it*. Go to page 16 to find out more.

Care Hub

The fast, easy way to get healthcare.

With Care Hub, you can arrange to see a Vitality GP fast, at a time to suit you. You can arrange up to six physiotherapy or up to eight mental health sessions, without the need for a GP referral. You can choose your consultant - and book an appointment straight away. You can also keep track of your claim at every stage, including instant online approvals for follow-up treatment, to give you complete, end-to-end control.

Plus, if you need to speak to us about your claim, you can easily connect to the right team, giving you the peace of mind that there's always someone on hand to keep things moving forward.

Customise your plan with Cover Options

To make sure you get exactly the plan you want we give you the option to tailor your cover. You can add any of these options to your Core Cover. All benefits are per insured member, per plan year, unless we state otherwise.

Out-patient Cover

Members with Out-patient Cover benefit from full cover for MRI, CT and PET scans, and physiotherapy arranged through our Priority Physio network.

We offer up to six physiotherapy sessions as part of our Core Cover through our Priority Physio network. However, adding Out-patient Cover means physiotherapy through our Priority Physio network is covered in full. You can also use a physiotherapist outside of our network but can only claim up to £35 per session, which will be deducted from any selected Out-patient Cover limit:

Out-patient Cover – You can choose from the following levels £500, £750, £1,000, £1,250 or £1,500. The limit will apply to out-patient consultations, consultant appointments and other diagnostic tests, as well as physiotherapy that isn't arranged through our Priority Physio network.

Full Cover for Diagnostics – Upgrade your Out-patient Cover so that out-patient diagnostic tests are covered in full. Only your consultations, consultant appointments and physiotherapy that isn't arranged through our Priority Physio Network would be covered up to the Out-patient Cover limit you've chosen.

Full Out-patient Cover – Full cover for out-patient consultations, consultant appointments, and diagnostic tests. Physiotherapy not arranged through our Priority Physio network is also covered up to £35 a session.

Mental Health Cover

We believe in the importance of providing a holistic solution to mental health, allowing you to proactively engage with healthy mental wellbeing activities, to quickly access out-patient mental health support, and provide you with more comprehensive treatment when required.

That's why we're the only insurer to offer all members mental health support as part of Core Cover and give you the option to add our additional Mental Health Cover should you wish to tailor your plan.

The Mental Health Cover option provides:

- Full Cover for Talking Therapies (where clinically appropriate).
- £1500 towards other out-patient cover (outside Talking Therapies network, e.g. with a psychiatric consultant).
- Up to 28 days of in-patient cover per episode, plus 28 days of day-patient treatment. You are covered for multiple episodes of care during the year, should you need it*.

Therapies Cover

Includes chiropractic treatment; osteopathy; chiropody/podiatry; acupuncture; homeopathy; and two consultations with a dietician following a GP or consultant referral. **Full Cover.**

*After 56 days without in-patient or day-patient treatment, we'll fully restore your benefit limits covering you for further episodes of care during your plan year.

Optical, Dental and Hearing Cover

Optical, Dental and Hearing Cover combines three benefits into a single, high-value cover option. It's designed to help meet some of your most common healthcare costs, from routine check-ups and preventative care, to dental procedures and prescription glasses. It also contributes towards other significant needs like hearing aids and the costs of restoring appearance after dental accidents.

- **Optical** - Contributes towards the cost of eyesight tests, along with a new pair of prescription glasses or a year's supply of contact lenses. Benefit available for each new prescription issued after your plan starts.
- **Dental** - Helps to cover the costs of preventative care such as check-ups and hygienists' fees, and major treatments like fillings, crowns and dentures. Tailor your plan even further

Panel and hospital options

Option 1 - Vitality Consultant Select: The smart way to find, choose and book your consultant.

Consultant Select is a simple, fully digital way to get a referral to the right high-performing consultant for your needs.

How Consultant Select works

Through Consultant Finder on Care Hub, we provide you with a choice of Vitality-approved consultants, including Premier Consultants, from across the UK and all medical specialisms.

This means that, when you request care, you automatically get a choice of up to 10 consultants, with priority given to Premier Consultants.

Benefits of using Consultant Select

Smart - Consultant Finder uses our full network of consultants to automatically find up to 10 of the highest-ranking consultants for your condition based on specialism, performance and location.

Easy - Consultant Select offers a seamless care journey using our online Care Hub, with the option of phone-based support from our Member Care team.

Effective - You're more likely to see a high-performing consultant, as our Consultant Finder prioritises Premier Consultants, who deliver superior performance outcomes.

Vitality Premier Consultants

Premier Consultants are shown to deliver, on average, superior performance* across key measures including length of stay, re-admission rate and the need for patients to change consultants. They're indicated on the Consultant Finder by a Premier Consultant label.

 Consultant Select is not available to applicants who live in the Channel Islands or Isle of Man.

Option 2 - Hospital List

Alternatively, you can choose the consultant that treats you, and the hospital you wish to be treated in, as long as they are recognised by us. You will still have access to our Premier Consultants should you wish to choose this treatment option. Our Countrywide and London Care lists of leading private hospitals give you control over where you are treated.

Countrywide hospital list

This hospital list includes:

- All of the hospitals in the UK's largest hospital groups, including BMI Healthcare, Nuffield Health, Spire Healthcare, and Ramsay Health Care
- A number of select local providers, including Aspen Healthcare and the New Victoria Hospital
- In Central London - The London Clinic, The Hospital of St John & St Elizabeth, King Edwards VII's Sister Agnes Hospital and the Royal Marsden Hospital
- Most other private hospitals outside of London
- All NHS Private Patient Units outside of London
- Some Central London NHS Private Patient Units

London Care

This hospital list includes:

- All private hospitals in the UK
- All NHS hospitals with private facilities in the UK

Treatment at a hospital not eligible on your plan

If you choose a hospital list, and have treatment at a hospital not eligible on your plan, you will need to pay 40% of the costs. If you want to avoid paying this, you'll need to use a hospital that is eligible on your plan. But if you need treatment that the hospitals eligible on your plan can't give you, you can contact us. We will find a hospital and a consultant to give you the treatment you need.

£

Choose an excess

You can choose to pay a fixed cash amount – an excess – towards your treatment to tailor the cost of your premium. You can set your excess at zero, £100, £250, £500 or £1,000. Unlike some other health insurers, we won't deduct any excess you pay from your benefit limit.

Once you have chosen your level of excess, you will also have a choice in the way your excess is applied:

Once each plan year – Even if you make two or more claims in the same plan year, you'll only have to pay the excess once. If treatment continues into the following plan year you will need to pay the excess again.

Each time you make a claim – If you make two or more claims in the same plan year, you will pay an excess for each claim you make. When you claim for the treatment of a particular condition, it will be considered a new claim after 12 months.

Not all claims/benefits are subject to the excess amount chosen for the plan. There are a number of benefits that will not attract an excess:

- NHS Hospital Cash Benefit
- Face-to-Face GP
- Worldwide Travel Cover*
- Childbirth Cash Benefit
- Vitality GP
- Optical, Dental and Hearing Cover
- Weight loss and corrective surgery**

*A £50 excess may still apply. ** A 25% co-payment applies.

Choose the type of underwriting that suits you

We will use underwriting to work out whether we can cover you, what we can cover you for and how much your cover will cost. This just means looking at your age, your medical history and, if applicable, whether you've made any claims before.

Any conditions we can't cover are called *personal medical exclusions*.

A personal medical exclusion is usually a pre-existing condition or symptom, or a previous illness. If we apply a personal medical exclusion to your cover, we also exclude any related conditions.

A related condition is any symptom, disease, illness or injury which reasonable medical opinion considers to be associated with another symptom, disease, illness or injury.

There are three different kinds of underwriting that you can choose from

Which one's right for you depends on whether you've already got a private health insurance plan with someone else and how much information you want to give us.

1

Full Medical Underwriting

If you're happy for us to ask you about your medical history, you can choose Full Medical Underwriting. This means that you may be able to get cover for a pre-existing medical condition that would normally be excluded using other methods, giving you the peace of mind that you will be able to undergo treatment for that condition. Even if your pre-existing medical condition is excluded from cover, you'll know from the outset what you can and can't claim for.

2

Moratorium Underwriting

If you don't want to tell us about your full medical history, you can choose Moratorium Underwriting. Because we don't look at your medical history, we tell you whether you're covered at the time you make a claim. When you apply to join, you don't need to fill in a health history questionnaire. Conditions you've had in the five years prior to joining us will be excluded until you have spent two years free of treatment, medication or advice for that condition. This means it's easy to apply and you can be covered quicker than if you choose other types of underwriting.

3

Continued Personal Medical Exclusions Underwriting (CPME/ Switch)

If you have already got a private health insurance plan with someone else, you could choose Switch and Save to ensure that you retain the closest level of health insurance cover with Vitality. When you apply, your Vitality sales representative will input your details into our Quick Quote system. You will be asked a few simple questions about your health and depending on your answers, you could get a discount of up to 10% on your premium.

About VitalityHealth

VitalityHealth is part of the Discovery Group, founded in 1992 and now operating in 40 markets worldwide.

VitalityHealth's core purpose is to enhance and protect your life, which is why we make it easier and more affordable for you to get healthier as well as providing you with quality care.

VitalityHealth is different to other insurers, as we realise that health risk is closely linked to people's lifestyle behaviour. This underpins our Shared-Value Insurance Model. By incentivising and encouraging our members to be healthier, not only do they benefit from improved health and wellbeing, but VitalityHealth as an insurer benefits from insurance savings from healthy members who are less likely to claim. These savings allow us to offer comprehensive cover with richer benefits, more valuable behavioural incentives, and more sophisticated pricing and underwriting. This approach benefits all stakeholders - the individual, the insurer, and broader society.

Better health, better levels of cover and better premiums.
